## Died in the Asylum.

Mrs. Stanley Rogers, wife of Ike Rogers, died in the Lexington asylum Tuesday evening at 6 o'clock, aged 50 years. Mrs. Rogers became mentally unbalanced two weeks ago and was sent to the asylum for treatment. Mr. Rogers was sent for Monday on account of her serious condition and was at her side when the end came. The body was taken to Rock Springs yesterday and will be buried today. Besides her husband Mrs. Rogers is survived by four living children.

## Advantage of Good Roads.

It is to the great advantage of smaller cities and towns to have the farmers' patronage, remarks the Florence Times. But if that is to be secured, one very necessary thing is to have the roads in good passable condition at all seasons of the year. Farmers have been known to avoid towns near at hand but to which the approach is well high impassable in wet weather, and go miles further to buy and sell in towns the roads to which are kept in good order. To let roads remain in bad condition because it takes money to improve them is exceedingly poor economy.

The ward in which the Brown-Proctoria Hotel at Winchester is located sought to have a local option election so that a saloon in this building could be placed. The election was held Tuesday and resulted in defeat for the whiskey people by a majority of over one hundred votes.

The constitutionality of the commission form of Government in Kentucky was upheld in a decision of the Court of Appeals, handed down at Frankfort. This law applies only to cities of the second class, and Newport has adopted this new form of government.

## Boys, Try Your Best.

The Times is anxious that the boys of Powell county make a success of the Boys' Corn Club. We would like to see the Powell boys capture some State as well as county prizes. Start in now to grow only the largest crops, and when you become men never plow a field until you are sure it will give you good returns on the labor invested. We publish again the list of prizes offered in this county. Read them over, and go to work determined to win one or more of these prizes and also endeavor to secure one of the State premiums.

## The Convention.

The Republican Third Railroad district convention now in session at Paris has developed into a very stormy session. Garrett, who leads far in the number of instructed delegates failed by only a few votes to organize the convention but it took the combined forces to defeat him. The outlook now for either Garrett or Craig, the next strongest candidate, is gloomy, though Garrett should win over all the other candidates, and he probably would do so were it not for the strong anti g. o. p. Bradley it is understood being for Garrett.

Judge Hardwick and J. E. Burgher went to Frankfort Friday to appear before the State Board of Equalization in an effort to get the tentative raise of 10 per cent. taken off.

Miss Ethel Tipton, daughter of J. W. Tipton and Mr. Charlie Wells, will be married at Winchester May 10th. Both parties formerly lived with their parents in this county.

Dr. C. B. Dickson will be at the Red River Hotel May 10, 11, 12 and 13th for the practice of dentistry.

## THE END OF TUBERCULOSIS

### A Winning Fight.

By DR. WILLIAM OSLER.

This is not a battle of a year or a generation. The probabilities are that it will take two or three generations at least before we have the mortality from tuberculosis reduced to the rate, say, of that of typhoid fever in well regulated countries. This will probably be a matter of two or three generations. Whether tuberculosis will be finally eradicated is an open question. It is a foe that is very deeply entrenched in the human race, but when we think of what has been done in one generation, how the mortality has been reduced in some localities 50 and even 100 per cent, we at least feel that we can continue the battle with hope, and so long as we are fighting with hope the victory is in sight.

## Died at Winchester.

James M. O'Rear, who until about one year ago lived at Stanton, died at his home in Winchester Tuesday. The remains were interred in his old home in Montgomery county. He is survived by his wife who was before her marriage a Miss Anderson.

The State Union of Christian Endeavorers Societies is now in session at Lexington.

Fishing seems to be pretty good in Red river this Spring, and many there be ready to try their luck.

We are authorized to announce  
H. G. GARRETT,  
of Clark county, as a candidate for  
Railroad Commissioner  
in this the Third Kentucky District,  
subject to the action of the Republi-  
can party.

The Democratic party in Ken-  
tucky is said to be the fussingest  
party in the world each time af-  
ter a big row resulting in defeat  
for that party, but it seems the  
Republican party can split just  
as bad when the nomination is  
just as assuring of election. But  
still there is a difference in the  
two parties, the Republicans will  
always heal after a split and vote  
for the nominee in November;  
the Democratic party stays at  
home and lets the Republicans  
into office.

## Addams! Addams! So Say We All, Gentlemen!

From The Shelby Sentinel:  
Is there a Democrat but believes that if Senator McCreary gets the Gubernatorial nomination, the chances of his party's success will be in doubt? Is it not the part of wisdom therefore, for him to turn to some one who can bring the people to victory? William Addams, of Harrison county, is such a candidate. Place your banner in his hands and he will give you the hope and enthusiasm that must land us all winners. A few weeks since we were left floundering, feeling that there were none to make an active fight to oppose Senator McCreary for the nomination, but since the manly stand and clean-cut statements of Mr. Addams, our doubts are at last thrown aside and hope has taken the place of our doubts in our party success.  
There be times when our darkest periods are just before the dawn, and Democracy in Kentucky appears to have passed through them. From now on every one should feel, with such a man as Addams to lead, that success must surely come.  
Mr. Addams has a number of relatives and friends in "Old Shelby," and, though this county is in Mr. McCreary's district yet it can be turned to the Harrison county man who can land the party triumphant in November.  
Let us stop our party bickerings. Addams is a man we can unite upon, and let us all, therefore, get together and be for Addams.  
Let the party slogan be, "Party success," and Mr. Addams will be selected. He is the man of the hour, the man you want, the man you need, the man you must have.  
Addams! Addams! So say we all! Addams!

**How it Pays to Advertise.**  
The Bokhara Seed Company, of Falmouth, Ky., sent us an advertisement some four weeks ago to run six weeks at a certain price. Before this time was half out the seed company wrote us and said they had received much business through the medium of this paper and that thereby their supply of clover seed was completely exhausted and requested the ad be discontinued and a bill rendered. We sent them bill for what service we had rendered and not for the amount of the contract. This firm sent us pay for the six weeks advertising and said the ad had been worth more than this and they were willing to pay that amount as it was not our fault that they could not use the space contracted for.  
At any rate, it is Congress and not Uncle Joe Cannon that meets in special session every day.  
The world doesn't owe us a living or it would be shipped to us C. O. D.

**Not Simply a Car—but Car Service**  
Now is the time of year when you're beginning to think of the car you intend buying. Remember, when you buy, that the absolute limit of dollar for dollar return is reached in cars selling under \$2,000. When you pay more, your returns are not in proportion to your investment.  
When you buy, buy not simply a car—but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value.  
In the MARATHON you get all this. But don't accept our mere statement. For we can convince you of its truth.  
We have a catalogue which describes, in detail, the wealth of mechanical excellence, finish and dependable utility that characterize the MARATHON.  
And it's yours for the asking. Won't you ask for it?  
MARATHON models include Torpedo Touring Car, Fore Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,500 to \$1,700.

R. L. Daniel, of Winchester, is visiting relatives in the city.

Mrs. C. A. Conlee, of near Stanton, is very sick, with lung trouble.

J. W. Chalfin, of Sardis, Miss., visited relatives here a few days this week.

Mrs. Wm. C. Martin and children are visiting relatives near Mt. Sterling.

Mr. and Mrs. Charlie Duncan, of White Sulphur Springs, W. Va., are visiting relatives in the city.

A recruiting officer of the United States army was here a few days this week trying to enlist men for the service.

Mrs. J. W. Williams has received a nice line of Ladies Skirts and is selling them at prices that will make them go fast.

The season for flies and fleas are being retarded by the cool weather. "Its an ill wind that blow no good at all."

New millinery just arrived at Mrs. J. W. Williams and at pleasing prices. Call and pick your choice.

How about that King road drag to improve and grade our roads. It is time some one was making one and giving it a trial.

Dr. Wm. C. Martin is in Bowling Green, attending the State meeting of Modern Woodmen of the World and will be away for about a week.

Considerable interest seems to be developing in the Boys' Corn Club at last and it seems that much will be doing pretty soon with the Powell county lads.

Mrs. J. W. Williams has just received a nice shipment of elegant lace curtains that will please her lady customers. Ask to see them when you are at this store.

The Hazel Green Academy ball team came to Stanton Monday and crossed bats with the Stanton College team, resulting in a victory for the visitors by a score of 12 to 2.

**WANTED**—Salesman and Collector on salary and commission to sell Sewing Machines and collect on accounts. Party must furnish horse and wagon. Call on or write to Singer Sewing Machine Co., Incorporated, Winchester, Ky.

We had a big frost yesterday morning, but little damage was done as a heavy fog came up before daylight and prevented any serious injury to fruit and tender vegetables.

**It Started the World** when the astounding claims were first made from Bucklen's Arnica Salve, but forty years of wonderful cures have proved them true, and everywhere it is now known as the best salve on earth for Burns, Boils, Scalds, Sores, Cuts, Bruises, Sprains, Swellings, Eczema, Chapped hands, Fever Sores and Piles. Only 25c at Swann-Day Lumber Co.'s store.

**A Burglar's Awful Deed.**  
may not paralyze a home so completely as a mother's long illness. But Dr. King's New Life Pills are a splendid remedy for women. "They gave me wonderful benefit in constipation and female trouble," wrote Mrs. M. C. Dunlap, of Leadill, Tenn. If ailing, try them. 25c at Swann-Day Lumber Co.'s store.

The Times is in receipt of a most beautiful engraved program of the Stanton College Commencement exercises, Wednesday evening, May 17th, 1911, together with outline of exercises for May 14, 15, 16 and 17.

**Do Ghosts Haunt Swamps?**  
No, never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C., "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Swann-Day Lumber Co.'s store.

**Eggs for Sale.**  
Eggs of pure bred poultry.  
Barred Plymouth Rocks, 50c per setting of 15 eggs.  
Brown Leghorns, 75c per setting of 15 eggs.

Mrs. Nettie Welch,  
Clay City, Ky.

**Made a Big Profit.**  
In January a piece of property was sold by Commissioner Romulus Jackson the same not having been advertised in the Clay City Times and for this reason the sale was set aside, and was duly advertised and sold at Commissioner's Sale at Stanton Monday and brought \$375 more than it sold for in January when it was not advertised. Thus you see it pays to advertise under all conditions.

**Times Swindled.**  
The Times has been swindled on a patent medicine advertising contract and as soon as we have found it out quit them and trust that not many of our readers have been likewise skinned. The remainder of our patent medicine advertiser are all right and so is the Dr. Bell's Pine Tar remedies.

**Roads Still Bad.**  
The roads with so much rain that we have been having are worse in this county than any time in March, two months ago, and every farmer and team is too busy to help make them better. At this juncture it seems impossible to improve the roads, but how about last winter when we were not so busy and how will it be this fall when there is a leisure period? Remember that April and May when we frequently have the worst roads it is also the worst time to improve them. Let's be forming more Good Roads Associations now and do the work later, but be certainly sure that the work is done at the proper time.

**Saved Child From Death.**  
"After our child had suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala., "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure, and our child is again strong and healthy." For coughs, colds, hoarseness, lagsrepe, asthma, croup and sore lungs, its the most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by Swann-Day Lumber Co.

# WASHINGTON NOTES.

(BY CLYDE H. TAVENNER.)

Dorsey W. Shackelford, of Missouri, a member of the Ways and Means committee of the House, has prepared one of the most illuminating letters on the subject of reciprocity that has appeared. The document has caused much discussion among members of Congress and is to be widely circulated.

"The lumber trust and the paper trust are waging a fierce fight against reciprocity," says Mr. Shackelford. "They are making desperate efforts to get the farmers to join them. Wherever possible they have enlisted the papers which circulate among the farmers. They try to make the farmers believe that, by reason of the tariff, he gets more than the fair market for his products.

"Canada has a tariff which operates against our products sold in Canada. We have a tariff which operates against Canadian products sold here. Reciprocity is an agreement between the two countries to modify both tariffs with a view to more extended trade.

"A large trade has grown up between us and Canada. In five years ending June 30, in goods of all kinds

We sold in Canada, \$836,417,376  
Canada sold to us, 393,913,673

"Any country which buys from us more than it sells to us is a good country to trade with. No tariff wall should stand between us and such a country.

"Government statistics for the five years ending June 30 also show these things:

You ask why Canada favors reciprocity if it is to give us the best of it on these products. The answer is easy:

"First, the Canadian tariff is added to the price which the Canadian consumer must pay. Canada desires to relieve her people from this extra price.

"Second, Canada is willing to take her tariff off of the goods which we sell her if in turn we will take our tariff off of the paper, wood pulp and lumber which she sells us. If our tariff against these products were removed she would sell us a still larger amount of timber products than she now sells us. How could that hurt the American farmer?

"Who then, would be hurt by reciprocity? I will tell you. The lumber trust and the paper trust. Reciprocity would bring Canadian lumber and paper here to be sold in competition with the American lumber and paper. This would give the American people cheaper paper, and the farmer cheaper lumber to build houses and barns. So you see why it is the trusts are making such frantic efforts to defeat reciprocity. They desire to hold a monopoly of the American lumber and paper markets. Let the farmer be of good cheer. He is not the fellow who will be hit by reciprocity. He will be helped. The lumber trust and the paper trust are the ones who will feel the weight of this measure."

President Taft is still fighting progressive Republicans. He first endeavored to smother progressivism by refusing patronage to members of Congress who would not vote for bills recommended by him whether they thought them to be for the public good or not. This movement failed utterly. Insurgency increased instead of disappearing. Then the President used all the influence at his command to bring about the defeat of Senator LaFollette in Wisconsin. LaFollette was re-elected by a larger vote than ever. Now the President is taking the leading part in the fight against giving the progressives of the Senate the committee places they demand. Inasmuch as the President's former efforts caused two progressives to grow where but one had grown before, the progressives can afford to be patient.

Practically the only change made in the Canadian reciprocity agreement by the Democrats in the House was the addition of a clause authorizing the President, by executive act, to reduce the tariff of this country, on any item, whether included in the treaty or not, whenever Canada is willing to put them on her free list. In other words we express a willingness to move toward free trade with Canada as fast as Canada may desire. This invitation applies only to Canada, however, and the object is the promotion of the freindliest possible commercial intercourse between the United States and

our neighbor on the north.

The income tax amendment to the constitution, which was a plank in the last Democratic national platform, has now been ratified by thirty states. To insure its acceptance thirty-five states are necessary. Only four states—Louisiana, New Hampshire, Rhode Island and West Virginia have declared themselves in the negative. This leaves twelve states from which to secure the necessary five votes to make the amendment a part of the constitution. An income tax is practically assured.
